Professional Summary

Skilled and detail-oriented Front-End Developer with 3 years of experience in the IT industry and 3 years of experience working in the game development industry. Proficient in building responsive, scalable, and user-friendly web applications using modern front-end technologies. Strong expertise in HTML5, CSS3, JavaScript (ES6+), and modern frameworks such as React, Angular, and Vue. Experienced in translating UI/UX design wireframes into high-quality functional code, optimizing applications for performance, and integrating RESTful APIs in collaboration with back-end developers. Adept at writing clean, maintainable code, using Git for version control, and working in collaborative, fast-paced development environments.
